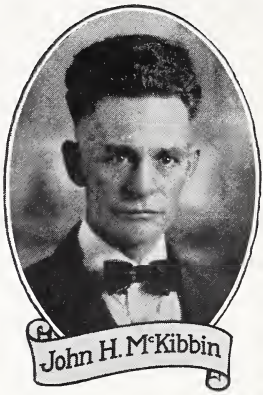
WHOLESALE AND RETAIL

JOHN H. McKIBBIN

1309 Division St.

GOSHEN, INDIANA



AGAIN WE GREET YOU!

NOTHING ever impresses me more as to the rapidity of time's flight than the succession of the seasons of the "glad" year. It seems only yesterday that we were naming and describing a number of our seedlings for our 1929 list. Some were of the plain petal type, other were ruffled, and some were of the laciniated varieties. Most of these among several others, not as yet named, were shown in the National A. G. S. show held at Springfield, Ill., August, 1929. These were entered in the seedling display, and won second in this class. Also at the A. G. S. National show held at Toledo, Ohio, August, 1928, my seedlings won third prize in this class.

I have no fear of their reception with you after you compare them with others. I would like to call your attention to my special introductory offer on page 7 of some of these new ones.

In the firm belief that no other practical way has been found to definitely decide a dividing line between a "wholesale" and "retail" buyer. I have printed in my list this year a price schedule which ranges from one bulb to a thousand. I do this in the belief that the quantity purchaser is entitled to better prices regardless of his status as a grower.

Visitors are always welcome any day of the week at our gardens, and it will be a real pleasure to show you most of the other better originations as well as our own fine things.

Sincerely yours,

John H. McKibbin

What SIZE Do You Want to Buy?

We are offering only large size bulbs at retail this year, but are offering the majority of our varieties at wholesale in all different sizes; those varieties offered retail only, no small bulbs or bulblets will be sold.

We will sell 25 bulbs, one variety, any size, at wholesale prices.

If you want to buy Gladioli bulbs to get the most and best blooms which 95% of the people do who buy in the small quantity, the large bulbs are the ones to buy. It stands to reason that a full sized matured bulb will produce a taller spike and larger bloom with many more florets to the spike and also more spikes. Many varieties produce from two to four spikes per bulb. The medium size will produce a good spike and large bloom, but not so many spikes, and a few more bulblets which most people throw away.

Most of the small size will bloom, but the spike will not be so tall nor so many florets to the spike and will not bloom as early as the larger bulbs, but you can grow them to full size No. 1 bulbs the first year. So take your choice and we will do our best to please you.

NOTICE

Please Read Before Ordering.

No retail order filled for less than $1.00 as all orders for less than $1.00 are filled at a loss.

Where offered by the dozen, six may be ordered at half the dozen price. Less than six at single rate, or as otherwise stated in price list.

SUBSTITUTION

If any varieties are out of stock when your order is received, I will substitute a similar or more expensive variety. If this is not satisfactory, please advise when ordering.

Safe arrival of bulbs is guaranteed to any point within the U. S. A. and Canada.

TERMS

Remittances must accompany all orders.

Send bank draft, express or postal money order, or if more convenient for you, we will accept your personal check.

McKibbin's New and Recent Introductions

BETTY McKIBBIN—A deep, rose pink, slightly lighter towards the throat on the upper petals while the lower petals are marked with a pure rose colored plume. Slightly ruffled. Well shaped, long tapered petals, well placed florets on a straight, stiff spike. Exhibition type.

Each $3.00.

CORAL LUSTER—Primulinus Grand. type. A deep strawberry-pink blending to salmon-pink with a feather of soft rose-red on the lower petals. Its shape is such as gives it the appearance of a half open rose bud. Quality and texture are of such natures that it withstands extreme heat and adverse conditions without drooping in the hottest sun. A long, slender, graceful spike. A most unusual and beautiful combination and blend of colors and form. A rapid propagator.

Each $1.00.

CAPTAIN KIDD—Captain Kidd has in its long wiry stems all the grace of carriage suitable to a King. It is a King in its very own class. It is both ruffled and laciniated, has large wide open flowers, nicely placed on strong yet graceful stems. The beautiful red color reminds one of its namesake, so fearless, daring and bold. It is not only extraordinary beautiful but a very good seed producer and a rapid propagator. Illustrated on page 4. Each $5.00.

DAINTY QUEEN—Queen of the dainties. The beautiful dainty shell-pink color, the tall graceful spike, the beautiful laciniated blooms, measuring from four to five inches, gracefully combine to make it one of the most beautiful gladioli among the new creations. Illustrated on page 6.

Each $1.00.

DR. SUMNER A. EDMANDS—A well ruffled deep blush-pink shading to golden-salmon-rose on edges of petals. Lower petals slightly darker pink and marked with a carmine stripe. Edges softly flaked carmine. Is of unusually heavy texture and an excellent all-round gladiolus. Illustrated on page 14. Each $1.00.

I. O. WOOD—A beautiful plain petaled variety of Tyrian rose color, blended to a satiny pink in the throat of the upper petals. Throat of lower petals

CAPTAIN KIDD is both ruffled and laciniated, has large wide open flowers nicely placed on long wiry stems. Beautiful clear deep red color. You will note that this is altogether a new and distinct type of gladiolus. They are as life-like as butterflies, as graceful as orchids.

of slightly deeper rose, with soft red stripes. Tips of petals flaked with soft red and the entire bloom overlaid with a violet sheen. The large blooms are wide-open with a trace of recurve. Plant large, and of unusual stamina, and a strong grower under all conditions. Illustrated on page 20. Each 75c.

LONE EAGLE—A living, glowing orange-vermilion with soft carmine stripes on lower petals. Upper petals shaded to a delicate pink in the throat. Well ruffled and overlaid with a satiny silver sheen. An outstanding variety in every way and under any conditions. Stock very limited. Illustrated on page 10. Each $5.00.

LOCARNO—A 1926 introduction. One of the very best. Most refined lavender with deeper throat markings on lower petals. The most pleasing and peaceful color imaginable. Tall spike, large, wide open flowers, many open at a time. A wonderful cut-flower and florist variety. Illustrated on page 8. Each 75c.

MARY LOU—Exhibition type. A soft rose-pink with a stripe of tyrian rose on the lower petals. Well ruffled, well formed and placed florets on a strong, straight spike. Five or more open at a time. Sixteen to twenty florets on the spike. One of those color combinations which under artificial light gives the impression of a beautiful orchid color. A rapid multiplier. Each $1.00.

RIPPLES—A deep rose-pink blending to a shrimp pink on the upper petals Lower petals tinting to a soft, creamy white with delicate carmine pencilings in the throat. All midribs are white lined. It is quite well ruffled and slightly laciniated. From 4 to 7 beautifully shaped, well placed florets open at once on a straight, though graceful spike. A very rapid propagator. Each $3.00.

ROSE DOREE—Color a shiny soft rose-doree with the upper petals blending to a little lighter throat and lower petals marked with a lovely carmine stripe on the midrib. The carmine stripe stippled with pale olive buff, which also specks and stripes the throat of the lower petals. A well opened, plain petalled variety with the petals slightly recurved. A vigorous plant and increases very rapidly. Each 50c.

RED ALATUS—A pure spectrum red with a slightly darker stripe on the midrib of the lower petals. Florets about four inches across, and open slowly. The spike is strong, slender and willowy. This is one of the red "glads" that does not sun burn, and is a very good cut-flowery variety. Each 50c.

W. G. HATFIELD—1930 introductson. Tall, stately plant with massive flowers. From five to eight wide open, beautifully ruffled blooms open at once. Color, begonia rose blended to geranium pink; the mid rib of lower petals amaranth purple. A very magnificent and grand variety. Exceedingly striking and showy. Each $5.00.

All orders shipped prepaid.

DAINTY QUEEN

Queen of the dainties. The beautiful dainty shell-pink color, the tall graceful spike, the beautiful laciniated blooms, measuring from four to six inches, gracefully placed combine to make it one of the most beautiful gladioli among the new creations.

SEEDLINGS OF MERIT!

My seedlings have been among the winners at the National A. G. S. shows for a number of years. They won again at the A. G. S. National show held at Springfield, Ill., last August. Winning second for the best collection of Seedlings display.

WE INVITE YOU TO VISIT OUR FIELDS

We invite gladioli growers and florists, amateurs as well as professionals, to visit our fields, during blooming season.

We have hundreds of new unnamed varieties suitable for the cut flower trade, both of field grown and for forcing. Come and select the most suitable for your needs.

We are giving some wonderful bargains on the entire stocks of these new ones, as we must reduce our stocks this season.

Just drop us a card and we will keep you informed as to the best time to see them.

JOHN MCKIBBIN.

LOCARNO

A 1926 introduction. One of the very best. Most refined lavender with deeper throat markings on lower petals. The most pleasing and peaceful colors imaginable. Tall spike, large wide open flowers, many open at a time. A wonderful cut-flower and florist variety. This peaceful glad was named after the modest little Swiss town that was made famous by the signing of the great peace pact.

A BIG SAVING!

For the season 1930 I have combined my wholesale and retail price lists the same as in 1929. You will realize this makes possible a considerable saving which I am passing along to you in reduced prices on our regular stock of high class bulbs.

HEALTHY BULBS!

We have as fine a stock of gladioli bulbs to offer this season as ever has been placed on the market. We have used every precaution to eradicate any disease which gladioli bulbs may be affected. The results surely have been gratifying.

It is surely a pleasure to be able to offer a stock of this kind to my friends and customers, knowing it is bound to make more friends and customers in the future.

DOROTHY McKIBBIN

Dorothy McKibbin has been tested by florists and pronounced first class for forcing purposes, has long, straight, wiry stems, the flowers growing well out of the foliage; extremely early, elegantly ruffled and of a most beautiful shade of pink; has a pure apple blossom tinted throat, blending to bright pink around the outer edges of the petals. It has a wide open flower with many open at a time.

UHLAN CHIEF—Tall, graceful, slender spike. Flower of most intense brilliant vermillion-scarlet. Lower petals deeper color and beautifully dark feathered, a magnificent red. Each 10c.; doz. $1.00.

VIRGINIA HALE—Beautiful, soft creamy salmon-rose, deeper toward border of all petals. Very refined and beautiful variety.
Each 15c.; doz. $1.50; 100 $11 00.

W. H. PHIPPS—La France pink, overlaid with light rose salmon, lighter toward the center. Lower petals very faintly striped and speckled with ruby. Flowers enormous, many open at a time. A masterpiece in Gladioli. Each 20c.; doz. $2.00; 100 $15 00.

WHITE GLORY—A gorgeous pure white of extra size. Nicely ruffled with beautiful iris blue throat. Grand. Each 20c.; doz. $2.00; 100 $15.00.

WHITE WONDER—A gigantic white bloom with delicate veinings of pink. A great show variety.
Each 10c.; doz. $1.00; 100 $7.00.

YOUELL'S FAVORITE—One of Henry Youell's favorites among our ruffled varieties. Large flower and plant. Striking rosy lavender-pink. Conspicuous and fine. Each 15c.; doz. $1.50; 100 $11.00.

IDEAL MIXTURE—To have the greatest variety and beauty in Gladiolus, it is very necessary to grow them in mixture as well as in separated varieties.

Our IDEAL mixture is made up of thousands of varieties, mostly named kinds, with a few choice unnamed kinds put in to give it a greater range and variety of color. Per doz. 50c.; 3 doz. $1.25.

SUPREME MIXTURE—Here is a mixture composed of my own un-named originations only. Just those worthy ones that are in a class with the new and improved named varieties that are selling at many times the price asked for this mixture. This mixture has been made up of about one thousand varieties which have been growing in separated lots in my test gardens for several years and are all worthy of a place in any flower garden. It is indeed a "SUPREME" mixture!
Per doz. 75c.; 3 doz. $2.00.

All orders shipped prepaid.

I. O. WOOD

A beautiful plain petaled variety of Tyrian rose color, blended to a satiny pink in the throat of the upper petals. Throat of lower petals of slightly deeper rose, with soft red stripes. Tips of petals flaked with soft red and the entire bloom overlaid with a violet sheen. The large blooms are wide open with a trace of recurve. Plants large, and of unusal stamina, and a strong grower.

Of Gladiolus Bulbs and Bulblets

GENERAL 1930 LIST

READ CAREFULLY BEFORE ORDERING

Orders at the 100 rate will be shipped prepaid in the United Stated. Orders at the 1000 rate will be shipped F. O. B. Goshen.

25 bulbs of one variety and size at 100 rate.

250 bulbs of one variety and size at 1000 rate.

For the 1000 rate multiply the 100 rate by 7. Most growers charge 9 times the 100 rate, which makes a big difference in the price of bulbs per 1000, so you more than save the price of transportation by my method.

In ordering bulblets, 500 will be sold at 1000 rate.

Larger quanties of bulbs a matter of correspondence.

Prices subject to stock unsold on receipt of order.

5% discount allowed on all orders received with full remittance. Orders for $10.00 or more held on deposit of 25% for spring shipment (up to April 1st), balance C. O. D.

No packing charges. No substitutions, unless second choice is mentioned in order.

Stock guaranteed to be of best quality, true to name. Will replace any bulbs that do not come true to name.

No wholesale order accepted for less than $2.00.
